I can feel you, looking at me,

The way you touch, it's easy and free,

Don't just sense life, listen to me,

You hear the words, you might not see,

Time and time again, made it to the end,

I wish I could tell, the message to send,

Chorus

Helping to understand, what's needed to find,

Awaken your soul, it's all in the mind,

I sense you're there, I know your name,

You can't ignore, it's not the same,

When will you learn, to have no fear,

The time will come, it's why we're here,

The more it happens, the easier it could,

Healing the pain, the experience is good,
