Holy Macaroni! Lost Angel is a band from OHIO/USA that plays world class Melodic Metal from the 80's with some incredible catchy hooks:-) If you're into bands such as "Firehouse/Black'n'Blue the first album with Skid Row mixed with some power chords from AC/DC" you're gonna' love this stuff.

The lineup of"Greg King(Vocals)Mark Zeller(Guitar)Jerry Martin (Guitar)Doug Perry(Bass)& Jon Alfrey(Drums) have been performing in central Ohio since 1992 and recorded this superb CD in late 1998! Opening track "Rock" is a true Melodic Metal Rocker with some really cool riffs and a chorus that reminds me of Black'n'Blue! You just gotta? love all those Catchy Guitar riffs from Zeller & Martin "Comes around goes around" sounds like the perfect mixture between Def Leppard(a-la Pyromania)and Skid Row! The chorus is unbelievable catchy "Kiana" is a superb rocker a-la Firehouse again with a great chorus.In fact 'Nights off' is the only song that I don't really like, the rest is a must for every fan of Melodic Metal.Find out more about them and BUY their CD at : www.lostangel.com this stuff will rokk your soxx off :-)
